Department table:

	department_id	department_name
▶	1	Finance
	3	HR
	2	IT
	5	Marketing
	4	Sales
*	NULL	NULL

Location Table:

	location_id	location_name
▶	2	Bangalore
	3	Chennai
	5	Delhi
	1	Hyderabad
	4	Mumbai
*	NULL	NULL

1. Distinct Values:

salary
55000.00
65000.00
52000.00
75000.00
48000.00
51000.00
70000.00
58000.00
85000.00
50000.00
62000.00
47000.00
80000.00
45000.00
68000.00

2. Alias (AS):

● Provide aliases for the "age" and "salary" columns as "Employee_Age" and "Employee_Salary", respectively.

.

Result Grid		Filter Rows:
	Employee_Age	Employee_Salary
▶	25	55000.00
	30	65000.00
	27	52000.00
	35	75000.00
	28	48000.00
	24	51000.00
	32	70000.00
	29	58000.00
	40	85000.00
	26	50000.00
	31	62000.00
	23	47000.00
	36	80000.00
	28	45000.00
	33	68000.00

⦿ Retrieve employees with a salary greater than ₹50000 and hired before 2016-01-01.

● Find the employee whose designation is missing

Sorting and Grouping Data:

Ⓒ Find employees sorted by department ID in ascending order and salary in descending order.

[illegible]

LIMIT: ● Display the first 5 employees hired in the year 2018

	employee_id	employee_name	gender	age	hire_date	designation	department_id	location_id	salary
▶	101	Ramya	F	25	2018-01-15	Financial Analyst	1	1	55000.00
	103	Rakhi	F	27	2018-02-10	Business Analyst	1	1	52000.00
	105	Rahul	M	28	2018-03-12	HR Executive	3	4	48000.00
	106	Rani	F	24	2018-04-18	Sales Analyst	4	2	51000.00
	108	Rekha	F	29	2018-05-22	Marketing Analyst	5	3	58000.00
•	NULL	NULL	NULL	NULL	NULL	NULL	NULL	NULL	NULL

3. Aggregate Functions:

- Calculate the sum of all salaries in the Finance department.

Total_Finance_Salary
▶ 192000.00

- Find the minimum age among all employees.

Minimum_Age
▶ 23

2. GROUP BY:

- List the maximum salary for each location.

location_name	Maximum_Salary
▶ Bangalore	65000.00
Chennai	80000.00
Delhi	70000.00
Hyderabad	68000.00
Mumbai	85000.00

- Calculate the average salary for each designation containing the word 'Analyst'.

designation	Average_Salary
Financial Analyst	55000.000000
Business Analyst	52000.000000
Sales Analyst	51000.000000
Marketing Analyst	58000.000000
HR Analyst	50000.000000
System Analyst	62000.000000
Data Analyst	68000.000000

3. HAVING:

- Find departments with less than 3 employees.

Result Grid	Filter Rows:	Export:	Wrap Cell Content:
department_id	department_name	Employee_Count	
5	Marketing	2	

- Find locations with female employees whose average age is below 30.

location_id	location_name	Average_Age
2	Bangalore	24.0000
3	Chennai	29.0000
5	Delhi	23.0000
1	Hyderabad	26.0000
4	Mumbai	28.0000

Joins: 1. Inner Join:

- List employee names, their designations, and department names where employees are assigned to a department.

Result Grid	Filter Rows:	Export:	Wrap Cell Content:
employee_name	designation	department_name	
Ramya	Financial Analyst	Finance	
Rakhi	Business Analyst	Finance	
Ramesh	Finance Manager	Finance	
Rahul	HR Executive	HR	
Riya	HR Analyst	HR	
Rupa	HR Executive	HR	
Raju	Software Engineer	IT	
Revanth	Data Engineer	IT	
Raj	System Analyst	IT	
Rakesh	Data Analyst	IT	
Rekha	Marketing Analyst	Marketing	
Rohit	Marketing Manager	Marketing	
Rani	Sales Analyst	Sales	
Ravi	Sales Manager	Sales	
Reshma		Sales	

2. Left Join:

- List all departments along with the total number of employees in each department, including departments with no employees.

The screenshot shows a database query result with the following columns: department_id, department_name, and Total_Employees. The data is as follows:

department_id	department_name	Total_Employees
1	Finance	3
3	HR	3
2	IT	4
5	Marketing	2
4	Sales	3

3. Right Join:

- Display all locations along with the names of employees assigned to each location. If no employees are assigned to a location, display NULL for employee name.

The screenshot shows a database query result with the following columns: location_id, location_name, and employee_name. The data is as follows:

location_id	location_name	employee_name
2	Bangalore	Raju
2	Bangalore	Rani
2	Bangalore	Raj
3	Chennai	Revanth
3	Chennai	Rekha
3	Chennai	Rohit
5	Delhi	Ravi
5	Delhi	Reshma
1	Hyderabad	Ramya
1	Hyderabad	Rakhi
1	Hyderabad	Riya
1	Hyderabad	Rakesh
4	Mumbai	Rahul
4	Mumbai	Ramesh
4	Mumbai	Rupa
